

School Profile

SamdrupJongkhar Middle Secondary School was established in 1984. It is located in an ideal place where teaching and learning takes place smoothly. It is very near to the hospital and away from the hustle and bustle of the market area. Flowering plants and trees of different types cover the area of 7.421 acres of land.

When it was first incepted, it offered primary level education to the students. Gradually, to provide better education services to the growing number of population the school was up-graded to Junior School in 1996 offering classes from PP to VIII. In the year 2000, the School was up- graded to Middle Secondary School under the Headship of Mrs. K.C. Dorji who is currently serving as the Director of DCRD, MoE.

This is the only Middle Secondary School, which is within the vicinity of the Thromde and Dzongkhag Headquarter. Due to this, the school is facing admission pressure every year from all sections of the population. Yet, the school is well staffed and sound in infrastructural facilities. Therefore, it could provide ever increasing needs of the society for their children's education.
